### Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if Blue Cross and Blue Shield of North Carolina (Blue Cross NC) Medicare Advantage covered the service for the Healthy Blue + Medicare<sup>SM</sup> (HMO-POS D-SNP) member's benefit plan.

The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence.

You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology<sup>®</sup> (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes, and/or revenue codes. These codes denote the services and/or procedures performed and, when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to both participating and non-participating professional providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Blue Cross NC Medicare Advantage may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

 Modifiers 80, 81, 82, and AS: Assistant at Surgery

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. Blue Cross NC Medicare Advantage strives to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, we will publish the most current policy to the website.

**Policy**

Blue Cross NC Medicare Advantage allows reimbursement for one assistant surgeon when eligible procedures are billed with modifiers 80, 81, 82 or AS, as applicable unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise. If an applicable modifier is not billed appropriately, the procedure may be denied.

When multiple procedures are performed where only some of the procedures are eligible for assistant at surgery reimbursement, only assistant at surgery services for the eligible procedures will be considered for reimbursement. The same multiple-procedure fee reductions and clinical edits apply to both the assistant at surgery and the primary surgeon.

The assistant at surgery should not report procedure codes different from the procedure codes reported by the primary surgeon, unless the primary surgeon bills an OB global code — then, the assistant at surgery would bill the specific surgery code with the appropriate modifier.
